Ideas for Level 2

What is a Level?

- A better version of an exisiting language?

- Better SBGN-PD?

Requirements to address

- Looks better visually
- Supports generics
- Minimise combinatorics
- Describe domains and domain interactions
- Make it SIMPLE
- Easy to implement

What would be "nice to have"

- Compatability with:
  - BioPAX
  - SBML
  - Rule based modelling languages
- Support for large maps
- Better support for TM
- Compartment transport
  - vacuoles
